Selectmen's Work Session
Personnel Policy
December 2, 2019
3:30 p.m. at Fuller Town Hall

Selectmen present: Macdonald & Goulet: Molly Campbell, Patrick Carr and Suzanne Goulet

Clayton brought the Work Session to order.

The Board decided to talk about the request from Molly Campbell to abate her water and sewer bills for the last 6 months since she did not have any usage. The Board said that they could not honor this request because Molly had the opportunity at any time to use the utilities and she also could have filled out a form to have it turned off at any time during that time. The Board also said that there are 7 other residents that are in the same situation and we cannot set a president because of her request. Macdonald/Goulet (2/0 approved) motion to deny the request from Molly Campbell to abate her 2nd billing 2019 for Water and Sewer at her Stevens Terrace property.

The Board discussed the changes to the Employee Handbook. The Board did find a couple of issues that they would like clarification on and will wait until they get it before adopting it.

The Board and Suzanne went through last year's budget line-by-line and discussed what changes may be coming.

Suzanne informed the Board that Melissa will be attending the Dec. 23rd meeting to discuss progress. Suzanne also told the Board that we have not received any results from the Lighting Audit as of today.

Molly entered after the meeting was well underway. The Board explained that they would not be able to honor her request to abate her water and sewer bills and the reasons why. Molly knew the water was engaged when she purchased the property and she needs to pay until a written request to disconnect is received. Molly said that she has done a lot to improve some properties in town and that they should reconsider. The Board told Molly that if they do it for her they will need to do it for everyone.

Macdonald/Goulet (3/0 approved) motion passed to adjourn meeting at 4:45 pm.
