

**Selectmen's Work Session
Water/Sewer Position
March 22, 2021
3:30 p.m. at Fuller Town Hall**

Selectmen present: Macdonald, Goulet and Juergens: Chester Smart, Mike Lynch and Suzanne Goulet

Clayton brought the Work Session to order.

Mike addressed the Board concerning the Water/Sewer Position and the possibility of creating a contracted service by him, Karen and his employees. He would plan on having 2-3 certified people to share the responsibilities and backups. After much discussion Mike said that he would like to make arrangements with Chester to follow him around and see what the job consists of. Since the job was advertised as a salary position for one person, they will need to work out a lot of details to see if it can even be done. The Board discussed the Maintenance Job and how a contract for Water/Sewer would affect it.

Suzanne addressed the Board concerning contracting with David White for the Spring Sweeping again this year. The Board agreed to go with David White again this year.

Suzanne addressed the Board asking for permission to abate two small issues with tax bills that should not have been produced. The Board gave Suzanne permission to apply an abatement for these two properties if the evidence shows there was an error.

The Board read and signed the *Board Resolution* for the LCHIP Grant for the Grange.

Suzanne discussed the follow-up concerning the Energy Audit.

The Board discussed the Planning Board and that Denis Corbeil was voted in as Chairman of the PB and Chase Cavazos was promoted from an alternate member to a full member and voted in as Vice-Chair. The Board support these changes.

The Board discussed the hit and run accident that damaged the cement for the pyramid monuments and what will need to be done to repair it.

Suzanne addressed the Board concerning DOT and their requirements for the town to start working on the Grange Building.

Macdonald/Juergens (3/0 approved) motion to adjourn the meeting at 5:03 pm.
