

Cemetery Trustee Meeting

Place: Baldwin/Catholic Cemetery

Date: August 10, 2016 – 8:00 am

Present: Ron Connary, Charles Goulet, Terry Place

Agenda:

Called the meeting at 8:05 am. Ron made the motion and Terry 2nd it.

Ron read the old minutes. Terry and Charlie accepted them.

New business:

Ron weed wacked around the building and an area between the two cemeteries.

We looked at the vents for the cellar and agreed we need better vents built. Ron will call and get prices and ideas for larger vents. New vents will need to blend in with the existing building.

We walked the Baldwin Cemetery to look at the work that was done so far this year. Need to look at other resources for stone repair.

We looked at the new parking area and road. Something needs to be done to keep the area from eroding.

Charlie will check with Mike Lynch and Clark Jeffers on the cost to have some more good gravel and ledge pack installed on the parking area and the road going to the lower area. Some areas will need some loam and be seeded.

Charlie will talk to Fr. Dan about stone repairs in the Catholic Cemetery. Some stones have tipped over and some are ready to tip over.

Meeting adjourned at 9:00am
