

**Selectmen's Work Session
Clean Energy Program
July 15, 2019
5:30 p.m. at Fuller Town Hall**

Selectmen present: Macdonald and Goulet: Suzanne Goulet

Clayton brought the Work Session to order at 5:35 p.m.

The Board discussed the Clean Energy Program that Melissa Elander proposed for Stratford. This would include energy audits, winterization, lighting, heating, etc. The Board discussed the town buildings that could use improvements such as the Town Hall, Town Garage, Fire Stations, Recycle, Grange Building, Library/Train Station and Sewer/Water Pump Houses. The Board discussed vehicles that could benefit by this program, Fire & Sewer, and even a possibility of electric car charging stations. The Board also discussed looking at Town Property for Solar Panels, the process that may be involved, grants that may be available and software. The Board would like Suzanne to email Melissa to get moving with this program and find out what more the town will need to do to get prepared.

Macdonald/Goulet (2/0 approved) motion passed to adjourn meeting at 5:58 p.m.
