Went over this years budget. Ron brought and handed out a list of work that can be done in Baldwin and Center cemeteries. Included two trees that should be cut down south of the Baldwin cemetery that could blow over on to a headstone. One is dead.

Talked about the water coming into Center cemetery. Charlie talked the Ted Burns about it and Ted said that road is not part of the trail system but would see if he could do something about it.

We agreed to cut the brush in front of the stone wall across from Joe Fortins.

Jim Lee wants a lot in Center cemetery but we need more information to size the lot.

I called Dana. He said would do work for Stratford again this year.

Center cemetery – the Piper lot – the steel fence has fallen. Have to contact the Cemetery Trustees of trust funds to see what money can be spent for the repair.

The new flags will be put out on May 15th by the school kids. Will start at the Baldwin/Catholic Cemetery around noon. Then move to the Center cemetery. Rose and I will put the flags in the other areas. Chase said he would be glad to help.

Meeting adjourned at 8:39 am. Charlie made the motion and Harry 2nd it.
